

THE PROVEN LEADER.

SWEEPMASTER 300

All the versatility and reliability you need

Proven and accepted as the #1 leader in the rental sweeping industry, the LayMor SweepMaster 300 is operator friendly and easily transported from job to job. There is no need to raise the front wheel off the ground for towing purposes, and the tongue can pivot right or left and up and down for faster and easier hook-up.

Maintenance made easy

Operators in the field are asking for the SweepMaster 300 because not only is it easy to use and transport, it is easy to maintain. More easily accessible maintenance allows for servicing the unit quicker and simpler than competitive products.

SweepMaster 300 design features include:

- Easily adjusted broom down pressure
- Advanced hitch/towing package
- Certified rollover protection structure
- Swing-up hood for easy engine access
- Available with 6' or 8' brush
- Turn signal lights
- Enclosed cab with safety glass
